  - \$143.50 of free food (\$40 from host benefits, \$13.50 from Double Dip, \$90 from Fast Track First 40 Days)
  - \$100 of food for half price (from host benefits)
  - 1 extra free month of your consultant website – regularly \$9.99 a month (you already get the first 40 days free when you become a consultant, but this is an extra month)
  
- **If you get \$1000 of sales (placed as new customer delivery orders under your account), you will earn this:**

**BONUS:** Through the Fast Track Program, you will also earn an extra \$50 of free food for every consultant you sign up under you (AND that will increase your commissions and host benefits). And you have the ability to double some of your commission percentages with Builder Bonus. Ask me for more details on that if you are interested.

\*Commission will depend on exactly how the orders come in. When a new delivery set up is over \$300, the first \$300 is paid a commission at the normal rate depending on monthly volume, and anything above that first \$300 will be paid commission as a one-time order at \$10%.
